

.015 CUBE

Design by DESIGN BASAGLIA + ROTA NODARI

Nothing prevents us from thinking of the Cube 015 as the most versatile product of the entire collection. A pleasure seat, table, ottoman, always able to surprise us and to furnish the home outdoor living. The calendared tubes are surprisingly light and resistant, capable of dispersing heat during the warmer seasons and not freezing in winter. For optimal performance all year round.

A domestic outdoor living furniture element: pouffe made of metal tubes or table to complement the 015 lounge. Bent pipe structure, diameter 18mm, made of stainless steel or polyester powder coated steel tube available in different colors. Hot-dip galvanized steel for outdoor use version. Ready-equipped for fastening to the ground with bolts.

Suitability: Internal & external
Warranty: 2 years

BRAND

Urbantime

URBANTIME is a registered trademark of the DIEMMEBI company, which for more than 30 years has been devoted to bringing Italian style to the [furnishings of environments open to the public](#): schools, conference rooms, airports, hospitals. URBANTIME is a brand created to bring the same quality, passion and style to outdoor public spaces: parks, streets, bike paths, swimming pools, hotels. Over the years, this sensibility has grown, so much so that a showcase has become a true brand able to offer innovative and timely solutions to the growing demands of the market. The time we spend in urban public spaces and outdoors in general deserves the same attention and quality as the time we spend in our homes. For this reason Urbantime, literally urban time, was born. URBANTIME is the collection of furniture created to make these moments of each of our lives comfortable: when we wait for the train, when we enjoy an ice cream in the shade of a tree in a deserted square, when we allow ourselves a minute of recovery before the next training block along a bike path. Each product is the result of a chain of "minds" passionately dedicated to the same mission. The minds of those who thought them up join those who support or engineer them, those who produce them, those who tell them, those who promote and then install them, and finally those who use them.
