

1600 CORNER SHELVES

Corner freestanding or wall shelves, 1600 mm inner width. Each level comprises right-side and left-side shelves, joined by two inner flat bars that fix them in place. The shelves, with rounded corners, have trims on both ends that conceal the interior of the profile. Its corner arrangement and its strong joints give this model great stability, which allows it to keep the measurement of its bases at 250 mm, without the need to use wall or floor anchorings. It is possible to integrate sliding panels of 725 mm and 1125 mm, in front or rear position. Combinable with the rest of the Wing shelvings. The maximum recommended height is seven shelves.

BRAND

Systemtronic

Systemtronic is a Spanish brand recognised for its refined approach to functional design. Established in Valencia, the company creates furniture and accessories that balance simplicity, practicality, and visual harmony — ideal for offices, hotels, and public environments.

Every Systemtronic product is made in Spain using high-quality materials such as aluminium, steel, and timber veneers. The brand focuses on clean lines, modularity, and adaptability, ensuring each piece integrates effortlessly into contemporary spaces.

Systemtronic's collections include coat stands, planters, shelving, and accessories that support flexible and well-organised interiors. Their designs promote calm, efficient, and welcoming environments — where function and form work seamlessly together.

Hospitality Furniture Concepts proudly represents Systemtronic in Australia, offering architects and designers access to timeless European design tailored for commercial and public spaces.
