

#### **AGORA TABLE A1909-TB**

The Reason Table in textured finish provides a great seating option for your patio or bar area.

These tables have some great features such as:

- Commercial quality Construction.
- All aluminium powder coated frames will never rust.

The lightweight frame has clean, minimalistic design that expresses an at once both reassuring and innovative concept.

#### **Design intent**

With great intent, our latest range has been designed with the commercial market in mind.

We believe our latest range encompasses the latest in design, material, durability, environmental sustainability and options.

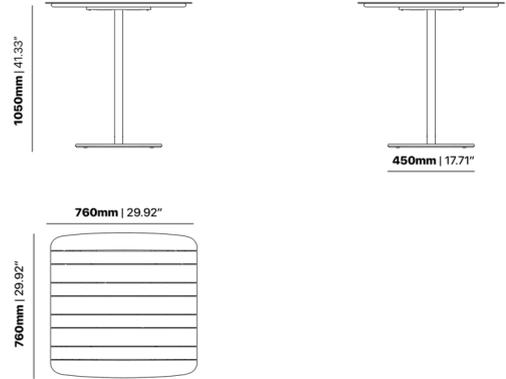

What makes our outdoor range so great and unique is the quality of product, the materials they are made with and the variety of options.

Each product family offers a magnitude of varieties. We designed the range to feature matching chairs, stools, tables, loungers, and more. We truly believe this is our greatest addition of outdoor furniture, yet.

#### **Material**

Aluminium top, Steel base (not recommended for coastal environments).

PAIRING IDEAS FOR TABLE BASES & FRAMES

Table bases and frames are the foundation of a stable café or restaurant table. Match the base footprint, height and weight rating to your chosen table top and venue traffic. For commercial use, stability, fixing points and leg clearance matter as much as finish selection.

- Stability & wobble control
- Leg clearance
- Top size matching
- Indoor & outdoor suitability
- Coastal recommendations
- Powder coat finish options

### Choosing the Right Commercial Table Base

Hospitality table bases need to handle daily movement, frequent cleaning and high turnover. When pairing bases with timber, compact laminate or other table top materials, confirm the top size, weight and fixing method. For larger tops, choose a heavier base, a wider stance, or a frame system to reduce movement and improve long-term performance.

**Best for:** cafés, restaurants, bars, food courts, workplace dining

**Key checks:** footprint, height, weight, fixing points

**Large tops:** wider base or heavier frame recommended

**Materials:** steel, aluminium and cast options (range dependent)

**Finishes:** powder coat options to suit your interior

**Floor type:** glides and levellers help on uneven surfaces

**Ask us about suitability:** indoor, outdoor and coastal applications. Share your venue location, cleaning routine and exposure (salt, rain, sun) and we'll recommend the best base material and finish.

**Check suitability**

## Indoor, Outdoor & Coastal Base Selection

Base selection changes with exposure and cleaning. Outdoor and coastal venues often need higher corrosion resistance, better drainage and finishes that stand up to frequent wash-down.

If you share your site conditions, we can confirm the most suitable base and frame options.

**Indoor:** focus on leg clearance, footprint and finish matching for your interior palette.

**Outdoor:** prioritise weather exposure, ease of cleaning and stable bases for wind and foot traffic.

**Coastal:** prioritise corrosion resistance and the right finish system for salt exposure.

## Care & Maintenance for Table Bases

Simple care keeps bases looking consistent and improves lifespan in high-traffic hospitality environments.

**Daily wipe-down:** use a soft cloth and mild detergent.

**Avoid:** abrasive pads and harsh solvents that can dull finishes.

**Levelling:** check glides/levellers to prevent wobble over time.

**Outdoor:** rinse off dirt/salt build-up where applicable.

## Timber Table Tops

Made in-house

Australian-made timber tops with adjustable sizing and stain options. A good choice when you want natural grain and a premium feel.

## Table Base & Frame FAQs

Answers to common questions about stability, sizing and suitability for hospitality venues.

How do I stop tables wobbling in a café or restaurant?

Choose a base with a suitable footprint and weight for your top size, and use levellers/glides for uneven floors. Larger tops usually need wider or heavier bases.

How do I choose the right base for my table top size?

Match the base footprint to the top dimensions and expected traffic. As top size increases, stability becomes more dependent on base stance and overall weight.

Are these table bases suitable for outdoor use?

Some bases suit outdoor areas depending on material and finish. Share your exposure conditions and we'll recommend suitable options for your application.

What should I consider for coastal venues?

Coastal sites often require higher corrosion resistance and the right finish system due to salt exposure. Tell us your location and cleaning routine and we'll confirm the best option.

Do I need a frame system instead of a single pedestal base?

Frame systems can improve stability for larger or shared tops, and can suit banquette or wall-side layouts. If you share your layout, we can advise on the most stable approach.

Can you help match powder coat colours to our interior?

Yes. If you share your finishes or reference colours, we can recommend powder coat options that suit your space and usage conditions.

## FAQs

Can I request finish samples?

Yes. We can assist with finish sample requests where available, or guide you on the closest match for your project.

Are Zaneti finishes suitable for commercial use?

Zaneti finishes are specified for hospitality and commercial environments. We can confirm suitability based on your setting and cleaning routine.

Can you help with a full furniture schedule?

Yes. If you share a plan or table of quantities, we can recommend combinations and provide a consolidated quote.

The Reason Table in textured finish provides a great seating option for your patio or bar area.

These tables have some great features such as:

- Commercial quality Construction.
- All aluminium powder coated frames will never rust.

The lightweight frame has clean, minimalistic design that expresses an at once both reassuring and innovative concept.

### Design intent

With great intent, our latest range has been designed with the commercial market in mind.

We believe our latest range encompasses the latest in design, material, durability, environmental sustainability and options.

What makes our outdoor range so great and unique is the quality of product, the materials they are made with and the variety of options.

Each product family offers a magnitude of varieties. We designed the range to feature matching chairs, stools, tables, loungers, and more.

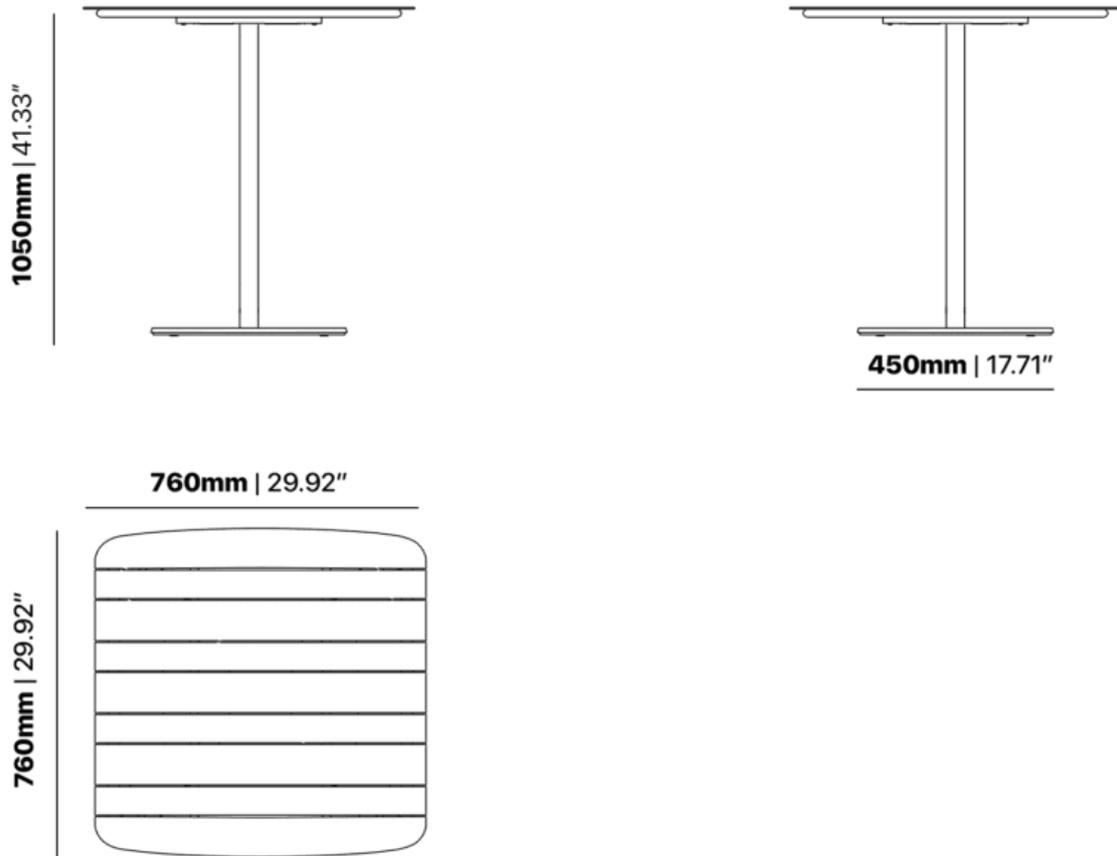

We truly believe this is our greatest addition of outdoor furniture, yet.

## Material

Aluminium top, Steel base (not recommended for coastal environments).

## Dimensions

## BRAND

## Zaneti

Zaneti is an Italian furniture brand celebrated for its craftsmanship, refined design, and enduring quality. The brand specialises in chairs, tables, bases, and bespoke pieces, with a strong focus on aluminium outdoor furniture designed for both residential and commercial use.

Each collection reflects Italian design sensibility — combining elegance, proportion, and durability. Using premium materials such as aluminium, steel, and timber, Zaneti creates furniture that brings warmth and character to cafés, hotels, workplaces, and public spaces.

Hospitality Furniture Concepts offers the full Zaneti range in Australia, helping designers and operators furnish interiors

and outdoor areas with timeless, design-led pieces built to last.

## ZANETI

The latest on offer from Australian design studio, Zaneti. The brand specialised in designing chairs, tables, bases and bespoke pieces. They are specifically known for their work with aluminium outdoor furniture. Zaneti chairs and bases inject style and personality into any room. Made from an assortment of materials including quality wood, steel and aluminium they're the perfect pieces to freshen up an interior.
