Our new Outdoor settings are constructed from steel tubing that has been galvanised (application of a protective zinc coating to prevent rust), and finished in a trending matte black powder coat as standard. It's hardwearing and low maintenance making it ideal for outdoor furniture use.

No Beer Garden would be complete without this style of seat. With frames constructed from fully Galvanised Steel, the table and 4 matching stools are topped with Hardwood - making it incredibly strong. It is also resistant to whatever the outdoor elements (and customers or even friends alike) may put it through.

Outdoor Finish

Finished in outdoor oils.

Our wooden outdoor tops are pre-treated with an oil-based treatment to help protect against weathering.

Maintenance

With use, this product will require on-going maintenance to keep them looking great.

We recommend re-oiling to prevent cracking and extend its lifetime - [refer to our Care & Maintenance section](#) for full recommendations.
