

Alma

FIXED AUDITORIUM SEATING WITH DURABLE POLY SHELL

Alma is a fixed auditorium and theatre seat designed for lecture halls, training rooms and presentation spaces. Its polypropylene back and seat cover provide a hard-wearing outer shell that stands up to daily use in high-traffic venues.

The poly construction protects the internal structure while maintaining a clean, modern appearance. Combined with supportive upholstery and a strong frame, Alma delivers reliable comfort and long-term durability.

Ideal for universities, auditoriums and multi-purpose facilities seeking low-maintenance fixed seating with a resilient finish.
