

Altitude Lounge - Bench

The Altitude Lounge Bench is a commercial lounge seating solution that combines refined form with everyday performance. With a sleek continuous profile and premium upholstery, it's engineered to support comfort and durability in high-use environments.

Ideal for hospitality lounges, airport terminals, hotel lobbies, corporate breakout areas and public spaces, the Altitude Lounge Bench offers a calm architectural presence and flexible seating for multiple users. Its robust construction and quality materials ensure long-lasting performance under daily commercial use.

Available in multiple fabrics, finishes and configurations, the Altitude Lounge Bench can be specified to suit a range of spatial programmes and interior design briefs.
