

ALTITUDE LOUNGE - ROUND

Altitude is a sophisticated, ergonomically designed furniture range that fits seamlessly into public spaces. Zaneti offers an on-the-go workstation that is convenient and comfortable.

The curved and stylish shape of the pieces would be at home in a hospital as much as in airport lounges, hotel lobbies, or shopping centres. Altitude's innovative design captures attention and offers functionality from the well-known Australian lifestyle company Zaneti.

Zaneti has developed a range of Altitude furniture that surpasses anything seen before, with their public sofas that are accented with neutral colours and durable fabric. The materials are sustainable and have a tidy and clean look with retro-fitted tables that are available to finish the look.

The furniture is treated with anti-corrosion which extends the lifespan and each piece in the Altitude range has a superb finish that is admired for its very professional look and feel.

This modular sofa can be configured to your liking and comes with a black or white powder-coated metal frame and die-cast aluminium legs.

The seats are made of modular units of polyurethane foam for upholstery and can be purchased with or without a backrest. Additionally, the seats can have a closed corner at 90 degrees or an open and closed corner at 45 degrees. When placed in a double row, a sound-absorbing back panel can be added to provide the necessary privacy while sitting on the sofa.

Ergonomic Excellence

Maximising passenger comfort. The modular features ergonomically designed seating with support for lumbar, shoulder and upper extremity from construction. An adjustable recliner allows the user to lean back for the ultimate relaxation experience, ensuring every last moment is well spent.

Proudly Australian Made

The addition of a curved modular design is a significant milestone for Hospitality Furniture Concepts, as it allows us to offer a more versatile and comfortable seating solution for our clients. This new design is a testament to our commitment to quality and innovation.

Design and Functionality: The curved modular design is a perfect blend of form and function. It offers a more intimate and comfortable seating experience, while also providing a unique aesthetic appeal.

Quality and Durability: The curved modular design is built to last. It features high-quality materials and construction, ensuring it can withstand the rigors of a busy environment.

Availability: The curved modular design is available in a variety of colors and finishes, allowing you to choose the perfect look for your space.

Customization: The curved modular design can be customized to fit your specific needs. Whether you need a small section or a large wall of seating, we have you covered.

Support: Our customer service team is always ready to assist you with any questions or concerns. We are committed to providing the highest quality of service.

Modular Design

The modular design allows for a wide range of configurations, making it a versatile solution for any space. It can be used in a variety of settings, from a lounge area to a waiting area. The modular design is also easy to move and rearrange, giving you the flexibility you need.

ALTERNATIVE TO SOFT WORK MODULAR LOUNGE SEATING

Altitude is a specification-led option for projects that need **curved modular lounge seating system** with long-term flexibility. It supports larger layouts, clearer circulation, and consistent zoning across waiting and lounge areas.

Altitude suits projects where you need:

- **Curved modular seating** to shape movement and define zones
- **Commercial durability** for high-traffic public environments
- **Future-proof modularity** to reconfigure, expand, or replace modules over time
- **Power-ready options** available through the broader Altitude family

Curved modular lounge seating for high-traffic spaces

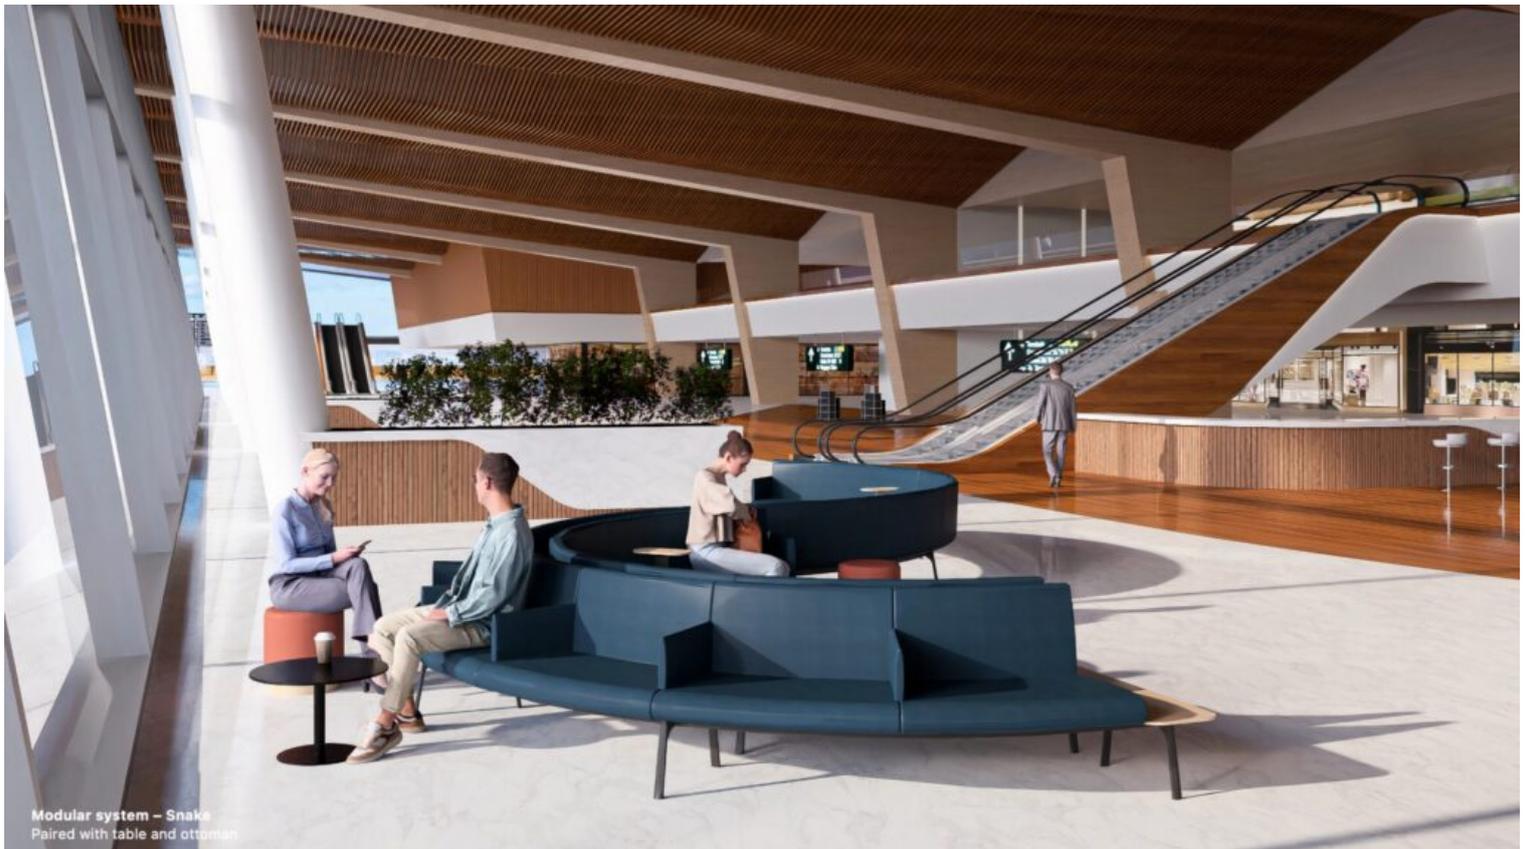

Altitude Curve is commonly specified for:

- Airport lounges and terminal waiting areas
- Public seating zones and atriums
- Workplace collaboration hubs and breakout areas
- Hospitality lounge areas and premium waiting zones

Use curved modules to form bays, islands and serpentine runs without hard corners. This helps maintain clear circulation while improving seat density and comfort.

Specifications and project support

Altitude Curve is supported by the wider Altitude family, including straight modules, linking pieces, tables and **integrated power and USB charging** options. Download the catalogue for module details and example layouts, or contact us for configuration support.

FAQS

[Is Altitude Curve suitable for airports and public waiting areas?](#)

Yes. Altitude Curve is designed for high-traffic environments such as airports, terminals, public waiting areas and workplace hubs where durability and long-term maintenance matter.

[Can Altitude Curve be reconfigured later?](#)

Yes. Altitude Curve is modular, so you can change layouts, add modules, or replace individual components over time to suit new floorplans and usage patterns.

[Can I specify power and USB charging?](#)

Yes. Power-ready options are available through the Altitude family. Share your requirements and we'll recommend the right power and charging modules for your project.

[How do I choose the right curved layout?](#)

Curved modules work well for islands, bays and serpentine runs. Send your plan and preferred seat counts and we'll propose a layout that maintains clear circulation.

BRAND

Zaneti

Zaneti is an Italian furniture brand celebrated for its craftsmanship, refined design, and enduring quality. The brand specialises in chairs, tables, bases, and bespoke pieces, with a strong focus on aluminium outdoor furniture designed for both residential and commercial use.

Each collection reflects Italian design sensibility — combining elegance, proportion, and durability. Using premium materials such as aluminium, steel, and timber, Zaneti creates furniture that brings warmth and character to cafés, hotels, workplaces, and public spaces.

Hospitality Furniture Concepts offers the full Zaneti range in Australia, helping designers and operators furnish interiors and outdoor areas with timeless, design-led pieces built to last.

ZANETI

The latest on offer from Australian design studio, Zaneti. The brand specialised in designing chairs, tables, bases and bespoke pieces. They are specifically known for their work with aluminium outdoor furniture. Zaneti chairs and bases inject style and personality into any room. Made from an assortment of materials including quality wood, steel and aluminium they're the perfect pieces to freshen up an interior.

Good Design Award Altitude Modular Sofa System earned a Good Design Award for innovation in public seating design.
