

ALTITUDE LOUNGE - TERMINAL

Altitude is a sophisticated, ergonomically designed furniture range that fits seamlessly into public spaces. Zaneti offers an on-the-go workstation that is convenient and comfortable.

The curved and stylish shape of the pieces would be at home in a hospital as much as in airport lounges, hotel lobbies, or shopping centres. Altitude's innovative design captures attention and offers functionality from the well-known Australian lifestyle company Zaneti.

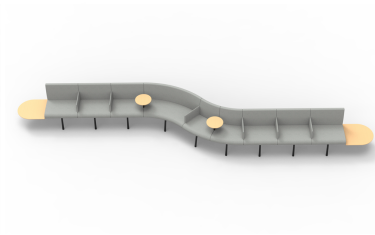

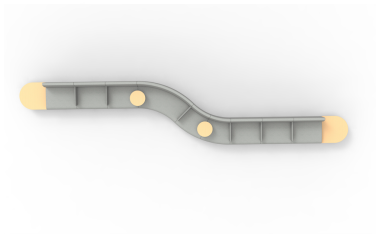

Zaneti has developed a range of Altitude furniture that surpasses anything seen before, with their public sofas that are accented with neutral colours and durable fabric. The materials are sustainable and have a tidy and clean look with retro-fitted tables that are available to finish the look.

The furniture is treated with anti-corrosion which extends the lifespan and each piece in the Altitude range has a superb finish that is admired for its very professional look and feel.

This modular sofa can be configured to your liking and comes with a black or white powder-coated metal frame and die-cast aluminium legs.

The seats are made of modular units of polyurethane foam for upholstery and can be purchased with or without a backrest. Additionally, the seats can have a closed corner at 90 degrees or an open and closed corner at 45 degrees. When placed in a double row, a sound-absorbing back panel can be added to provide the necessary privacy while sitting on the sofa.

ZANETTI

Future Proof

Modular Design

The modular beam design allows to re-arrange existing modules or add on. Allowing for changes over time.

Warranty

Made in Australia and serviced locally.

We confidently warranty our products against defects in material and workmanship when properly installed, maintained and used for their intended purposes, backed over 5-years.

Altitude - Modular Lounge System

Designed with space saving in mind.

2410mm

Added comfort in comparison to traditional beam seating

For every 4 seats, Altitude sofa adds only 24cm length - that's just 6cm per seat

2653mm

Ergonomic Excellence

Working partner chairs. The chairs feature ergonomically designed seating with expertly crafted supports and adjustable headrests. The adjustable headrests ensure the user can see the top of the screen or display, preventing eye strain and ensuring head health.

Proudly Australian Made

The chairs are made in Australia, designed and manufactured in Australia, offering the highest standards of quality and craftsmanship. The chairs are made from high-quality materials, including steel, aluminum, and wood, and are built to last.

Regulatory and Safety: The chairs are designed to meet all relevant regulatory and safety standards, ensuring the highest levels of safety and security for the user.

Environmental Impact: The chairs are designed to be environmentally friendly, using sustainable materials and processes to minimize their carbon footprint.

Customization: The chairs are available in a range of colors and finishes, allowing users to choose the look that best suits their environment.

Quality: The chairs are built to last, with a focus on durability and longevity, ensuring they provide a high-quality experience for many years to come.

Support: The chairs are supported by a team of experts who provide ongoing support and maintenance, ensuring they remain in optimal condition.

Modular Design

The chairs are designed to be modular, allowing users to configure them to suit their needs. This makes them ideal for use in a variety of settings, from small offices to large open-plan spaces.

Flexibility: The chairs can be arranged in a variety of ways, including in a row, in a U-shape, or in a circular arrangement, providing users with the flexibility to choose the layout that works best for them.

Scalability: The chairs are available in a range of sizes, from small to large, allowing users to choose the size that best fits their space.

Portability: The chairs are designed to be easy to move, making them ideal for use in spaces that require frequent rearranging.

Storage: The chairs are designed to be easy to store, making them ideal for use in spaces that require frequent storage and retrieval.

Comfort: The chairs are designed to be comfortable, with ergonomic seating and adjustable headrests, ensuring users can work or relax in comfort.

Style: The chairs are available in a range of colors and finishes, allowing users to choose the look that best suits their environment.

Infinity Seating

The circular Infinity Seating system is a modular seating solution for public spaces and commercial environments. It features a central circular base with a curved, upholstered backrest and a matching curved seat. The system is designed to be flexible and adaptable, allowing for a variety of seating arrangements.
