

#### ARCHER A4800

A chair that embodies flexibility. A distinctive backrest bent in a subtle arch composes in surprising harmony with sharp, rounded legs of a rectangular profile. ARCHER bears more of such contrast. The front legs are straight and much lower than the rear legs. They bent forward and are shaped just like a cutting arrowhead. This form grants the body of the chair amazing dynamics that are resembling a silhouette of a man who is about to run.
