

AU TABLE

We are constantly searching and collecting interesting timber to make outstanding pieces of furniture. The table shown is made from a stunning piece of Walnut. We've used a matched pair of boards in combination with polished legs made from gilding metals. The edges have been left wavy and we've retained the knots and splits for character.

Each table is a celebration of the wood and is unique. Price varies depending upon the piece of timber used. The table shown was 3.2m by 1.1m and custom built for a private office. A

Sizes are bespoke.
