

BARDOT MET TU

The BARDOT MET TU version stands out for its elegance and brightness, which amplifies its stylistic code with new structures, new pastel shades and vibrant colors, and refined and contemporary finishes. The structure is lightened with clean legs thanks to the use of the metal rod. A pleasantly soft and graceful design, that of the new Bardot Collection, with a 1950s flavor, made up of full volumes, rounded lines, rounded corners and in which you can feel a singular overall harmony. With a wide range of coatings, fire-retardant fabrics, wools, velvets, leather or eco-leather, which make Bardot suitable for both domestic environments - kitchen, dining room, study - and larger contract contexts.

DESCRIPTION:

Painted metal structure with tubular leg in painted metal or in polished chrome, polished black chrome, polished brass, upholstered shell.

BRAND

Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.
