

Bernù aero

Product Summary

Light. Refined. Affordable.

Available with curved or straight beams, Bernù Aero features comfortable, elegant upholstery and ergonomic construction. Engineered for excellence, this lightweight system performs like its heavier counterparts. Bernù Aero is dynamic... and delightful.

Bernù Aero passes the most rigid fire standards in North America CAL 133 and in Europe (British Standard-5852).

US Patent: D498,077 S
