

MERANO

A light and elegant collection, suitable for indoor and outdoor use, both in public and private areas. Consisting of a lounge chair and two-seater sofa, characterised by a slim steel frame that accommodates comfortable cushions.

In the lounge chair version, the lower base alone, together with the cushion attached to it, becomes a comfy pouf that can also be occasionally used or as a seat or as footrest to complete this relaxing arrangement; whereas the small sofa becomes a comfortable and functional bench, by just keeping the lower frame with the cushion.

Once the frame is separated from the cushions (removable with a simple gesture), the structure can be divided into two parts, decreasing its volume and significantly reducing packaging: this design solution makes the collection easy to transport and stack. Galvanised, painted steel rod structure.

H 805 — 845×590

ADDITIONAL INFORMATION

Stacking	No
Leadtime	12 weeks +
Material	Upholstered
Arms	Yes
Linking	No
Price	More than 500

BRAND

B-Line

Giorgio Bordin, who wanted to revive historical Italian design icons and offer [furnishings](#) for the residential and [contract](#) sectors, founded B-Line in 1999. Since the beginning, the brand has combined re-editions with contemporary furnishing accessories designed by international creatives. B-Line products are transversal, ideal for indoor and outdoor residential contexts and workspaces. They are also suitable for furnishing those increasingly hybrid and flexible places that must satisfy the needs of everchanging contemporary lifestyles. The company pays particular attention to sustainability and the durability of its products, whose materials are entirely Made-in-Italy. B-Line's commitment to the environment involves the entire production process with its finished and semi-finished products regularly subjected to careful quality control procedures.
