

Merano

A light and elegant collection, suitable for indoor and outdoor use, both in public and private areas. Consisting of a lounge chair and two-seater sofa, characterised by a slim steel frame that accommodates comfortable cushions.

In the lounge chair version, the lower base alone, together with the cushion attached to it, becomes a comfy pouf that can also be occasionally used or as a seat or as footrest to complete this relaxing arrangement; whereas the small sofa becomes a comfortable and functional bench, by just keeping the lower frame with the cushion.

Once the frame is separated from the cushions (removable with a simple gesture), the structure can be divided into two parts, decreasing its volume and significantly reducing packaging: this design solution makes the collection easy to transport and stack. Galvanised, painted steel rod structure.
