

Dream Booth

The Dream exhibits smooth lines and surfaces, drawing attention to the detailed backrest.

Vertical fluted stitching details the backrest, which softly eclipses the height of the underlying timber-clad framing. Designed to be effortlessly appealing in any range of material finishes with a mindful selection, the Dream is as versatile in configuration as it is in customisation: available as half-circle units or in an elongated form. Unit length is dependent upon the intended size of the accompanying table.

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).
