

HEART BOOTH

Light in form and robust, the Heart can be made to work in almost any space.

The tall, cushioned backrest can be angled slightly for a comfortable resting position or pressed flat. The slightly deeper than standard seat works with the "frameless" design to further promote a welcoming stay. Works effectively in back-to-back or linear units. Also available in rounded configurations on request.

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).

Standard unit dimensions

Height

1000 mm

Depth

600 mm

Unit length

Custom

Seat height

450 mm

ADDITIONAL INFORMATION
