

INFINITI BOOTH

Infiniti creates inviting and aesthetic social clusters for dining spaces through its versatile, rounded modular structure built to surround any sized table.

The outer frame of the Infiniti is comprised of sturdy hardwood internals clad with laminate and finished with a brushed metallic laminate kicker. The backrest is fixed to the inner lining, creating a clean "floating" appearance. The Infiniti can be configured in a half-circle design for greater access, or to further surround the central table for greater seating capacity ("horseshoe" shape). Each unit's overall length (and, by extension, its circumference) will depend upon the diameter of the central table it surrounds.

How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).

Standard unit dimensions

			
Height	Depth	Unit length	Seat height
1000 mm	650 mm	Custom	450 mm

ADDITIONAL INFORMATION

Leadtime	5 – 6 weeks
Material	Upholstered
Price	More than 500
