

#### KENZI BOOTH

Kenzi showcases the intricacies and depth of detail within American Oak veneer through its large-faced slatted design.

Minimal in nature but not short on character, the backrest is angled backward slightly for comfort. A squared metal tubing framework supports the timber elements, mirroring its angular geometries and lines.

#### How it works

Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.
