

Vanilla Booth

Sleek styling and subtle contours shape the Vanilla.

The curve to the seat adds an additional layer of comfort to the fully upholstered Vanilla, which sits flush with the floor surface using a recessed kicker. Available in linear or back-to-back configurations.

How it works
Create a truly unique interior for your space through our custom booth and banquette manufacturing process, where we will assist you in finding the perfect seating solution. Each design carries specific unit lengths, which can be lengthened and customised to suit any application.

To get started, we'll need to know:

- Your selected **booth style**;
- The intended seating capacity/**configuration** of the space;
- Your personal touches, selected from available **upholstery** and **framing finishes** (see below).
