### Chairs & More

Not only chairs. Chairs & More is an Italian company founded in 2007 in the heart of the Udine chair district. From the outset, the company's goal was to become an international leader in [contract furniture](#), thanks to its original and innovative solutions. The [Chairs & More collections](#) stand out for their contemporary design and the wide variety of

models produced exclusively in Italy using artisanal methods. For the brand, traditional materials and techniques merge with innovative solutions in the name of aesthetic quality and maximum comfort. The countless possibilities for customisation combined with modularity and composability allowed the company to grow internationally to quickly achieve its initial goal. Chairs & More collections offer indoor and [outdoor solutions](#) for the contract sector and residential use. Many products have received prizes and awards and today furnish public facilities, restaurants and prestigious offices worldwide.
