

Sora Table Barrel

Sora Table is a sculptural dining table defined by soft curves and a calm, architectural presence. Crafted in timber, the oval top rests on two pedestal bases, creating strong visual balance and generous leg clearance.

Designed for residential and commercial interiors, the Sora Table suits dining rooms, meeting spaces, and hospitality settings where durability and refined form matter. Its natural finish highlights the timber grain, bringing warmth and simplicity to modern interiors.

Available in multiple sizes and finishes, the Sora Table works as a statement dining table, boardroom table, or collaborative table for contemporary spaces.
