

COCREATIVE

Specification:

Back sponge High-density PU, molded by cold foaming, no distortion for a long time, back density is around

55 kg/m³. With stitching line and the shape is unique, beautiful, fashionable and extraordinary.

Seat sponge

High-density PU, molded by cold foaming, no distortion for a long time, Seat density is around 60 kg/m³.

Back & seat cover

Premium deformation resistant high-density curve hard plywood, high-standard treatment processes.

Fabric Stain and discoloration resistant premium fabric

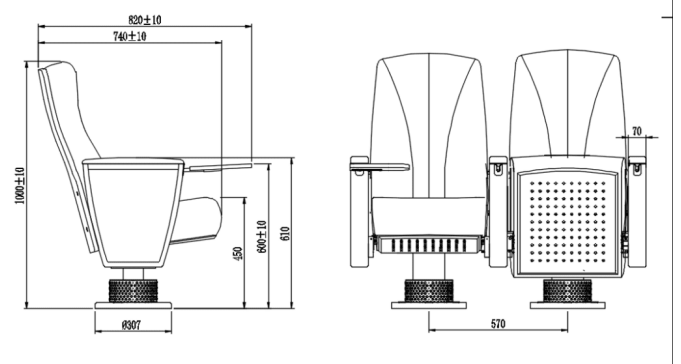

Standing feet: Round and ventilated independent standing feet. Dimensions: diameter 200mm*height 90mm, cover 307mm*25mm.

Armrest: frame size; 410*70*415mm, made of high-quality steel with a thickness of 2.0mm. The design concept comes from a red wine glass.

Writing Tablet: Size 265mm*232mm*15mm, using aluminum alloy mechanism. The writing board surface is made of high-density MDF. **Armrest cover:** size 410mm*72mm*25mm, made of imported oak material, and painted with well-known brand paint. The surface was well polished and sprayed.

Cushion recovery: Spring plus damping mechanism, free from noise. It can bear a static load of more than 250/kg. All load-bearing designs are on the supporting frame and the outer panel of the seat is just for decoration, differ from traditional design concept.

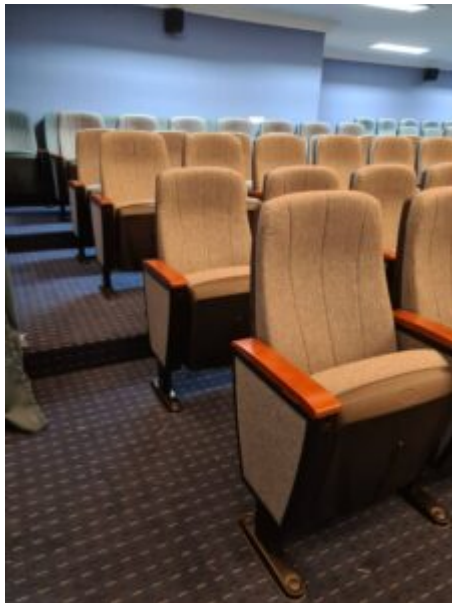

Screw: Steel hexagon socket cap screws and expanding nut.
