

#### CORSA WAITER STATION

The Corsa Waiter Station is a mobile service unit designed for efficient front-of-house use in commercial hospitality environments. It suits cafés, stadiums, lounges, and workplace hospitality areas where service flow and presentation matter.

A raised rear panel helps contain equipment and keeps the station visually clean when placed in open spaces. The flat work surface supports beverage dispensers, trays, or small service equipment used throughout the day.

Enclosed lower cabinetry provides organised storage for glassware, consumables, and service items, helping staff work quickly without clutter.

Mounted on castors, the Corsa Waiter Station can be moved as required and secured during service. The durable matte finish is built for daily commercial use and integrates easily into contemporary interiors.
