

### DELTA CHAIR

Delta collection is made to fit in with exterior or interior contemporary spaces. The injected aluminum base and extracted aluminum column make it ideal for use in the open air, due to the weather-resistant properties of these materials. The folding top and the design of the base enables the tables to be lined up one against the other to save space when they are not in use. The goal of the DELTA chair was to create a timeless product that constantly seeks to strike a balance between realism and surrealism—matter and antimatter, abstraction and emotion. The goal was to maximize emotions while minimizing resources, questioning the common logic of something new.

#### BRAND

#### Vondom

Vondom is a Spanish design house that creates bold, sculptural furniture for indoor and outdoor environments. Based in Valencia, the brand is celebrated for its distinctive forms, vibrant colours, and innovative use of materials. Every piece reflects Vondom's vision of transforming spaces into striking, contemporary experiences.

Crafted using advanced rotational moulding technology, Vondom products are made from 100% recyclable polyethylene and other sustainable materials. Their collections — featuring furniture, planters, lighting, and accessories — are designed to perform in demanding commercial settings such as hotels, resorts, airports, and public spaces, while maintaining their aesthetic appeal.

Collaborating with world-renowned designers like Eugeni Quitllet, Karim Rashid, and Ramón Esteve, Vondom merges architecture, art, and functionality. The result is furniture that embodies Mediterranean elegance with a global design sensibility.

Hospitality Furniture Concepts represents Vondom in Australia, offering access to the brand's full range of innovative, design-driven products for commercial, hospitality, and public environments.
