

Formula 80 Stool Upholstered

Barstool with sled metal base and shell in structural polyurethane.

Fixed-height stool, h75 or h65, with chromed or painted steel frame. The shell in polytech is suitable in one-colour or two-colour version.

FORMULA is a chair composition designed by Mathias Demacker with precise and rigorous lines. The silhouette is simple and always present. The shell, made of structural polyurethane TECH®, fireproof and shocks-scratches resistant, or upholstered in fabric or real leather for more comfort, can be coordinated with a wide range of steel frames in order to meet different requirements of different furniture concepts, from large contract spaces to residential ambience. Formula collection is composed by chair, stool, lounge armchair and sofa.
