

Commercial Furniture - Product Data Sheet

Gate Counter

Our modular gate counter can be customized for your airport needs. Options allow for access control scanners, printer extension shelf, keyboard extension shelf and drop-down doors for CPU storage.

Gate counters are offered through Arconas' partnership with USM Airportsystems. USM Airportsystems develops flexible and cost-effective furnishings for all passenger processes based on a simple tube and panel solution.

About USM

The USM system comprises of a chrome-plated brass ball joint, chromed steel tubes that connect to the ball forming a table framework, and powder coated metal panels mounted between the tubes.

Make it Yours

We work with you to create a counter system that works specifically for your airport's needs. Options include locking drawers, extension shelves for key-boards shelves, and cable management through standard cable cut outs.

Seamlessly Integrate Technology

Custom cut-outs can be created in individual panels to accommodate the unique sizes of the technology specific to your airport.

Notable Features

- Steel panels with a polished chrome frame
- Low maintenance
- Dismantle, reconfigure and add new technology at any time

Approvals & Certifications

- No fire load confirmed by Building Material Test Certificate B4
- LEED
- Greenguard
- Cradle to Cradle

Construction

- Panels: Powder coated steel
- Frame: Chrome
