### Material Properties

Xenolith is a premium line of compact laminate utilising the same materials with a greater thickness and coloured core composite.

The unique coloured core allows for exposed ends with no join lines, matching the top colour of choice.

Compact laminate is the ultimate in long-lasting, low maintenance decorative panels, for the most demanding hard working environments.

It has the following properties:

- Tough and durable
- Smooth, stone-like surface texture
- Matching coloured core
- Attractive colour finishes
- Impervious to water
- Outstanding stain and wear resistance
