

# .H24 - Rectangular Table for Public Areas

---

Design by DESIGN BASAGLIA + ROTA NODARI

The essential concept of this table with its lightweight, yet sturdy structure, stemming from an in-depth design of shape and practicality, is to produce a versatile product that elegantly adapts to any need. Can be paired with the Miami sun shade. Hot-dip galvanised steel metal structure. Epoxy powder painted aluminium slats in different colours or decorated with heat transfer film for a natural ash wood grain effect. Ready-equipped for fastening to the ground with bolts or joined together using steel plates.

Urban spaces, large public areas and shopping centres have become integral parts of our lives. Then, why not turning them into a domestic environment where social life can develop in full comfort?

This concept has prompted Diemmebi to think of URBANTIME, a philosophy by which it realises and proposes its outdoor collections designed by Alberto Basaglia and Natalia Rota Nodari.

Ventiquattrore.h24, made of steel and aluminium staves, reinterprets classical wooden and metal benches to suggest new types of use.

The product ranges is conceived for outdoor areas however it do not disdain indoor spaces.

All the products are designed and created to be completely recyclable and fully maintenance free.
