

## Harbour Bar Stool

---

This Harbour Bar Stool is the perfect combination of industrial chic and rustic appeal. The frame is made from strong steel while the seat has a durable timber construction that adds an earthy touch. Its sleek silhouette and matte finish makes it stylish, while its simple design provides timeless elegance. Not only does this stool look good, but it also offers reliable support with a secure footrest and comfortable ergonomic shape. Plus, its versatile design means you can use it in any space. It's easy to see why this bar stool stands out from the rest - for those who appreciate quality craftsmanship and unique style.
