

TAVOLO ALTO HIGH TABLE H24

The evolution of the table + benches system that has made Urbantime a brand unique of its kind for the pleasantness of the shapes, comfort and authenticity. The classic design of the Ventiquattrore.H24 collection is also reflected in these two elements, which thanks to their height give a more modern interpretation. Perfect for decorating a restaurant terrace, as well as the exteriors of a classy bar, the high table + high flat bench is also suitable for use in public outdoor spaces and why not, outside a modern home. The wood effect finishes, which characterizes the collection, also accompany these two new products, together with the color on color, in trendy and timeless finishes. Two environmentally friendly, sustainable and certified products to guarantee an extremely virtuous life cycle.

BRAND

Urbantime

URBANTIME is a registered trademark of the DIEMMEBI company, which for more than 30 years has been devoted to bringing Italian style to the [furnishings of environments open to the public](#): schools, conference rooms, airports, hospitals. URBANTIME is a brand created to bring the same quality, passion and style to outdoor public spaces: parks, streets, bike paths, swimming pools, hotels. Over the years, this sensibility has grown, so much so that a showcase has become a true brand able to offer innovative and timely solutions to the growing demands of the market. The time we spend in urban public spaces and outdoors in general deserves the same attention and quality as the time we spend in our homes. For this reason Urbantime, literally urban time, was born. URBANTIME is the collection of furniture created to make these moments of each of our lives comfortable: when we wait for the train, when we enjoy an ice cream in the shade of a tree in a deserted square, when we allow ourselves a minute of recovery before the next training block along a bike path. Each product is the result of a chain of "minds" passionately dedicated to the same mission. The minds of those who thought them up join those who support or engineer them, those who produce them, those who tell them, those who promote and then install them, and finally those who use them.
