

Hug Chair

The Hug Chair is shaped by a soft, continuous line that gently wraps the body, creating a sense of comfort and visual lightness. Its balanced proportions and refined profile allow it to sit naturally within a wide range of interior settings.

The structure pairs a solid ash wood frame with a curved timber backrest, expressing warmth through material and precision through form. The upholstered seat enhances comfort while allowing flexibility across fabric and leather finishes.

Designed for hospitality and workplace environments, the Hug Chair offers a quiet, considered presence—where function, material, and form come together with clarity.
