

JENS SIDE-TABLE

A design coffee table, ideal to be placed next to the sofa or bed in order to have everything you need at your fingertips. The metal structure is available in different standard or special colors and supports the HPL top, to which a retractable black metal service saucer is joined, which creates additional space and can only be extracted if necessary. Jens Side Table adjusts in height to adapt to all situations.

DESCRIPTION:

Height-adjustable painted metal side table with HPL top and metal black storage tray. Also available in outdoor version.

BRAND

Traba

Traba' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latest trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the Traba' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for Traba'. The designer has conducted an in-depth research into the concepts

chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.
