

JULIE STOOL IN

The Julie collection is the skilful reinterpretation of the archetype of the chair and stool in which memory, quotation and contemporaneity come together in a new seat. The combined effect of the formal cleanliness of the structure combined with the simplicity of the materials, with a wide range of colors and finishes, amplify the mood between memory and contemporaneity. A transversal proposal to create welcoming domestic settings or furnish contract spaces. Julie has not only been reinvented with a rope weave backrest but the family is extended to create a spin-off of the chair: a versatile stool, available in two heights, designed in two variants with a plywood beech backrest and woven backrest. The seat is available in plywood or padded and upholstered in fabric, velvet, faux leather or natural leather.
