KIRK - 2 SEATS

Kirk is a set of armchairs and sofas conceived as a game of building blocks, in which the container and the contents play an interlocking game based on minimal asymmetries, unexpected passages and subtle compositions. The Kirk Sofa fits perfectly in all spaces that set out to endow the living area with sophistication and originality. It redefines the concept of soft seating with an apparently simple solution that is brimming with intriguing surprises: the asymmetrical backrest and armrests are interchangeable, creating new interlocking combinations, without however sacrificing comfort and softness, which are provided by padded seats upholstered in tone-on-tone velvet. The composition options are expanded by the addition of a built-in shelf on either the right or left hand side of both the sofa and the armchair. The box-like frame of the armchair and sofa is made painted metal to match the cushions. The Kirk set is ideal for a quiet chat in pleasantly relaxing living areas, both at home and in hotel and resort lobbies. The Kirk collection includes an armchair and a two- and three-seater sofa, each with an optional side shelf.

Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The chairs and tables of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.
