

## Laky Armchair

---

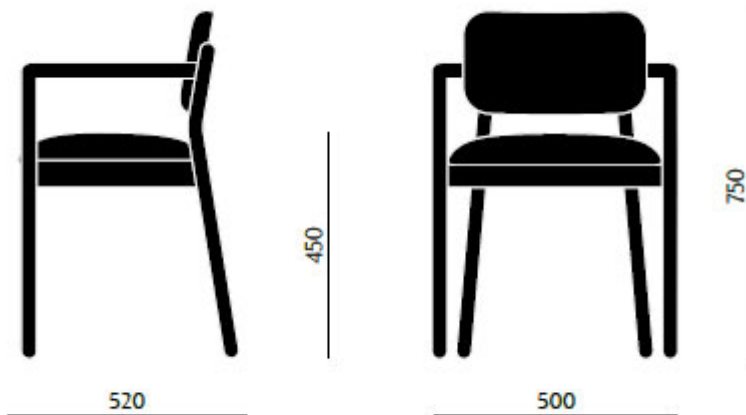

Designed by Studio Sagitair, the Laky armchair includes rounded profile legs and soft lines throughout the backrest, angled backwards upon a bentwood frame. The backrest is left exposed to showcase the craftsmanship of work, continuing into bentwood armrests. The seat and back are available as timber or upholstered, with the option of hand-woven straw seats and cane backrests.

Operating since 1970, SF Collection have continued to supply Italian-made articles manufactured by people who come up with solutions enabling and combining design and product sturdiness.
