BRAND

Diemmebi

Diemmebi started out life as a company manufacturing metal structures for furniture, but over the years, built up its expertise until it began designing its own [chairs](#), [tables](#) and [furnishing accessories](#) for community, urban and household settings. The hallmark features of the products now are their clean lines, practicality, comfort and high safety standards. Diemmebi produces practical furniture elements that go hand in hand with evolving approaches to collective and domestic spaces. The design team works with leading professional designers who guarantee high standards of innovation and design. Diemmebi researches and produces products with innovative content and timeless designs. for the quality, shape and functionality of the products are the cornerstones of Diemmebi's design. Each project and subsequent industrialisation are based on "sustainable products" within our production and industrial supply chain, working with numerous suppliers of Made in Italy. This quality and constant commitment are demonstrated by the international awards that the company has received, such as the Red Dot Design Award, The Good Design Award, the NeoCon Gold Award, the Interzum Award and the ADI Design Index....
