

Lap Bench

The contrast between the rustic wooden planks and the painted steel legs gives Lap a modern edge and contemporary appeal that makes it an obvious choice, both indoors and out.

It also works fine as a stand-alone bench. The rustic planks are sturdy and only get more beautiful with added patina, and the painted steel frame strikes a dynamic contrast to the untreated wooden planks.

Dimensions

Height: 43cm x Length: 200cm x Depth: 36cm
