

Link Stool

LinkStool is a refined commercial stool crafted for dynamic interiors. With a thoughtful balance of comfort, strength and visual lightness, it works across workplace breakouts, collaborative hubs, airport lounges and casual meeting points.

The profile is clean and contemporary, with materials selected for lasting performance in high-traffic environments. LinkStool supports a range of postures, from brief sit-downs to focused lean-over tasks, making it a flexible asset in modern interiors.

- **Purposeful design:** engineered for spaces where people connect, convene and take a moment to pause
- **Comfort that performs:** thoughtful seat ergonomics for short to medium stay use
- **Built for tough use:** sturdy structure suited to airports, offices and public environments
- **Coordinated interiors:** pairs seamlessly with Embarq tables and other seating solutions
