

#### LOG CHAIR

LOG is an essential design collection of chairs and stools, where the structure in steel rod draws the profiles and the volumes with a harmonious symmetry of empty and full.

A comfortable chair with essential design, the rod designs the profiles and volumes with graceful symmetry between empty and full spaces. Seat and back are upholstered in regenerated leather, available in various colours.

Versions with seat and back in mesh or braided with PVC rope are suitable for outdoor use. The bonded leather coating offers a stylish solution for indoors.

Stool with painted steel frame and wire-mesh seat and back.
