

Lumina

COMMERCIAL AUDITORIUM & THEATRE SEATING

Lumina is a premium auditorium and theatre seat engineered for performance venues, lecture halls, education spaces and commercial event environments. Designed for durability and comfort, it offers long-term performance in high-traffic interiors. :contentReference[oaicite:0]{index=0}

Lumina features an integrated acoustic panel that helps manage room sound and improve speech clarity in theatrical, lecture and presentation settings. The seat also features rich solid wood detail on the front, back and arm surfaces, giving it a warm, refined character that aligns with quality interior design. :contentReference[oaicite:1]{index=1}

PERFORMANCE & COMFORT

- Commercial-grade fixed seating for auditoriums and theatres
- PU moulded foam with high density for comfort and shape retention
- Acoustic panel built into seat back for improved acoustics
- Solid wood front, back and arm surfaces for elevated aesthetic
- Durable aluminium armrest frame and steel fixed feet
- Optional writing tablet and custom configurations

SPECIFICATION & CUSTOM OPTIONS

- Wide range of commercial upholstery fabrics and vinyls
- Custom row layouts and aisle configurations available
- Optional numbered seats and aisle lights
- Suitable for compliance with acoustic, fire and accessibility standards

Lumina is ideal for theatres, cinemas, performing arts centres, universities, lecture theatres and corporate presentation spaces where comfort, acoustic performance and refined finishes matter. :contentReference[oaicite:2]{index=2}
