

Lunar Bar Table

The Lunar Bar table presents Norock's self-stabilising technology within a well designed and unique powder-coated steel disc-shaped base. Perfect for a minimal and clean space. Self-stabilising table base - Norock's award-winning bases use a simple mechanical system with four pivoting legs that are interconnected in such a way that they must reach an average weight loading on all four feet. When a table is placed on an uneven surface the feet will move until all four feet reach a state of equilibrium or more simply, a state of stability.

Powder-coated steel with a zinc phosphate layer for added corrosion resistance
Finish : Powdercoat - Metallic Silver, Sandstone Black, Rust, Antique Bronze, White
*Maximum recommended table top - 600mm
