

# Marie Stool

---

The Marie Stool 2 is a commercial bar and counter stool designed for hospitality, bar, café and restaurant interiors. Its refined profile pairs a solid timber frame with premium upholstery for both comfort and performance in high-use environments.

Built for daily commercial use, the Marie Stool 2 offers generous seat support and balanced proportions that integrate seamlessly with bar counters, high tables and communal spaces. The stool's clean lines and quality materials make it suitable for contemporary hospitality venues, boutique cafés and bar programmes where style meets function. Available in multiple finishes and upholstery options, the Marie Stool 2 can be specified to suit a variety of interior palettes and design briefs.
