

Marisco Outdoor Rug

The Marisco Outdoor Rug by SCAB is designed for hospitality environments that demand durability without compromising on texture or visual warmth. Suitable for pool surrounds, terraces, rooftop bars and outdoor dining areas, Marisco adds softness underfoot while performing in exposed conditions.

DESIGNED FOR COMMERCIAL OUTDOOR USE

Woven using high-performance synthetic fibres, Marisco is UV-resistant, moisture resistant and quick drying. The structured weave provides grip and stability, making it suitable for high-traffic hospitality settings including hotels, resorts and residential developments.

APPLICATIONS

- Poolside and resort environments
- Outdoor dining terraces
- Rooftop hospitality spaces
- Residential outdoor entertaining areas
- Covered alfresco zones

KEY FEATURES

- UV resistant for Australian conditions
- Moisture and mould resistant
- Durable woven construction
- Low maintenance and easy to clean
- Suitable for commercial and residential use

Available in multiple colourways to complement timber, aluminium and powder-coated outdoor furniture collections.

Project Support: Hospitality Furniture Concepts provides specification assistance for large commercial projects, including airports, hospitality venues and mixed-use developments.
