

Marlen Met

The Marlen project, the new TrabÀ seat designed by EP Studio, is born under the banner of comfort, ergonomics and resistance. A Fifties flavor can be seen in the curvature of the backrest - as generously padded as the seat - and in the 4-legged structure in light and dynamic metal rod, which becomes more prosperous and retro in the solid ash version. Brass or brushed copper enrich the color palette with a vintage taste that you can play with to get the perfect seat, in a residential project as well as for tailor-made contract.

DESCRIPTION:

Chair with metal tubular leg, upholstered seat and back
