

METIS LINE Armchair

A collection made entirely of metal, with minimalist design and maximum functionality. The backrest and seat of Metis Line feature a wire design with vertical ovals, which sinuously and harmoniously accompany the outline of the frame, adapting to the body to ensure comfort. The chair with or without armrests, the lounge version with or without armrests and the stool in two heights bring ergonomic forms and an infinity of colour options to any indoor or outdoor space.

DESCRIPTION:

Chair with tubular structure and armrest in painted metal. Available in indoor or outdoor version. Optional seat cushion.
