

#### METIS PAD

The textures and variety of colour in the fabrics, the quality and tactile experience of leather, and the elegance and softness of velvet combine with metal frames in different tones to give shape and style to a complete collection: a chair with and without armrests, a lounge chair with and without armrests and a stool in two heights. With customisable upholstery options for seats and backrests, Metis Pad brings coordination to different interior spaces, while ensuring every room has its own personality and textures.

#### DESCRIPTION:

Chair with painted metal structure, upholstered seat and back.

#### BRAND

#### Traba

TrabA' provides a reinterpretation of contemporary design, creating a unique style that does not merely follow in the wake of the latests trends, but offers an authentic way of living each and every space. The [chairs and tables](#) of the TrabA' collection arise from a fundamental requisite: to create a calibrated hybridization of tradition, modernity and innovation. The project was designed by emilio nanni for TrabA'. The designer has conducted an in-depth research into the concepts chair and table, reflecting on their archetypes and developing a new form of essentiality for this collection. The result is a series of universal products suited to the domestic and contract furniture markets and particularly suitable for bright and welcoming environments, eager for objects that add a touch of style and prestige, as well as a contemporary look, to private and collective living spaces. The wide range of seats on offer convey a sense of modernity with a twist, combined with a tangible quality reflected in a meticulous attention to detail and finishes, for a range permitting great versatility of use.
