

MIMOSA - PLANT HOLDER - WALL MOUNTED

The Mimosa family of accessories is designed to showcase vegetation within our living spaces. As if suspended in levitation, these rounded supports welcome floral compositions or ornamental plants, while the sinuous tube connecting the trays evokes the idea of a root or rhizome with a line. Lively and colourful, these plant holders can be placed in a corner, against a wall, or wall-mounted, infusing softness and a sense of coziness into any environment.
