## Pillar Table P205 (Marble)

---

Pillar is defined by a calm, vertical silhouette formed by two nested cylinders, giving the base a composed, enduring presence suited to modern interiors. Contrasting column and base colours are possible, adding subtle complexity, while also compatible with a wide range of top pairings. The combination of high-quality, powder coated steel and aluminium materials with a textured surface make it easily adaptable to internal and external commercial environments as well as high-traffic use.
