

Pirelli Table Base - Small

The Pirelli Table Base - Small is a durable hospitality pedestal table base designed for commercial dining environments. Constructed from cast iron with a powder-coated finish, it delivers stability and strength for restaurants, cafes and bars. Its bold central column and four-point base create a clean, architectural silhouette while allowing comfortable seating access. Suitable for round or square table tops, this compact pedestal base is ideal for smaller table settings and high-traffic interiors. A practical and design-focused solution for modern hospitality fit-outs.
