

POLTRONA WOOD

Unique product design, exquisite design craft. Using high-quality aluminium alloy through die-cast moulding the Poltrona Theater Seats bring design to every public space. Torsional spring damping recovery mechanism with automatic return.

Dimensions

Additional Information

Your venue's seating area will never be the same again after you install ultra-modern chairs. The chairs feature an eye-catching, angular shape and plenty of contouring along with the backrest, which uses high-density moulded foam to support your guests.

Back & seat sponge High-density PU, molded by cold foaming, no distortion for a long time, back density is around 55 kg/m³. Seat density is around 60 kg/m³.

Seat sponge size 460*480*130mm Back sponge size 720*490*105mm

Back & seat cover: Premium deformation resistant high-density hard plywood, high-standard treatment processes. Back cover size: 16mm *510*770mm, Seat cover size: 15*430*440mm

Fabric: Stain and discoloration resistant premium fabric.

Armrest: size: 475*60*610mm, Imported timber externally applied with polyester coating. The armrest surface is designed with **curved lines**, which is more comfortable.

Cushion recovery: Spring plus damping mechanism, free from noise.

Screw: Steel hexagon socket cap screws and expanding nut.
